and HELP SPARE our EARTH'S REMAINING RAINFORESTS FROM DESTRUCTION!

Rainforest Relief's work has prevented the destruction of a million acres of rainforests:

- With the help of other organizations, Rainforest Relief (RR) convinced *The New York Times* to end its use of paper clear-cut from the temperate rainforests of Clayoquot Sound, British Columbia, thus **sparing thousands of acres of forests for newsprint!**
- Due to RR campaigns, Ocean City, Wildwood Ventnor and Asbury Park, New Jersey; Long Beach and Greenport, New York; Long Beach, California; Philadelphia and other towns have voted to end their use of tropical rainforest hardwoods for miles of boardwalk renovations! **Tens of thousands of acres of rainforests have been spared from logging!**
- RR's campaigns convinced Barnes & Noble, Prada and other companies to end their use of endangered woods for doors, foyers, chairs, railings, and flooring in all new stores (about 100 per year), thus **sparing thousands of acres of forests from illegal logging!**

You can be a part of Rainforest Relief's future victories and continued progress to save Earth's most vital ecosystems! Rainforest Relief will turn your donations in *ACTION!* Every penny you donate will go into education, advocacy, and action to stop the rapacious destruction of forests and its inhabitants for luxury items.

Become a Volunteer

RR needs you to help target the demand in your town, help with campaigns, write letters to corporations and government officials, and reduce your own use of rainforest-destructive products.

JOIN US TODAY!

Greed and over-consumption have destroyed so much already — help us to prevent further destruction and implement safer alternatives for our forests and ourselves. Become a member and receive our quarterly newsletter to stay informed about our current projects and latest successes.
